|--|--|
| Eye: | ANSI approved chemical workers goggles. |
| Skin: | Chemical resistant gloves, coveralls, sleeves and pants. |
| Ventilation: | A continuous supply of fresh air to the workplace combined with removal of processing fumes through exhaust is recommended. |
| Respirator: | When processing fumes are not adequately controlled, use NIOSH approved respirator for protection from organic vapors and acid gases. When dust/powder from secondary operations (grinding, sawing, etc.) are not adequately controlled, use NIOSH respirator. |
| Additional Protective Measures: | This product does not exhibit sharp melting point, but softens gradual over wide temperature range. |
